

McLean County  
**HEALTH DEPARTMENT**

## **COVID-19 Weekly Update**

**April 29, 2021**

### **Walk-Ins Now Available!**

**Evenings, weekends, remote locations & drive-through clinics: MCHD makes getting a COVID-19 vaccine as easy as showing up:**

**Getting a COVID-19 vaccine is easy and convenient. If you have not received a COVID-19 vaccine, check out our clinic registration page. It lists places, times, types of vaccines, and all the details you need to make your appointment. The link even included a "how to" tutorial in English and Spanish, so you can be absolutely certain you have successfully completed your appointment registration.**

**Although registering for an appointment in advance guarantees your vaccine and speeds up the process, walk-in appointments are also welcome at all MCHD COVID-19 vaccine clinics. New clinics are posted every Thursday at 11AM.**

**Limited or no computer access? No problem.**

**Call our COVID Call Center**

**Mon-Fri 9AM-4PM at (309) 888-5600**

**[Click here to check out of vaccine clinics and register for your appointment today](#)**

**Questions About the Safety of the Vaccine?**

Watch local doctors answer common questions about the science behind the COVID-19 vaccines. We have posted a recording of the recent *COVID-19 Vaccine Facts Town Hall* on our Mccleancoil YouTube page.
